It stated that it was being filed "before" the mailing date of a Notice of Allowance.

Accordingly, Applicant is submitting an additional Information Disclosure Statement together with the fee required for consideration of this prior art. Therefore, the

No item of information contained in this information disclosure statement was cited in a communication from a foreign patent office in a counterpart foreign application, and, to the knowledge of the person signing the statement after making reasonable inquiry, no item of information contained in this information disclosure statement was known to any individual designated in § 1.56(c) more than three months prior to the filing of the information disclosure statement.
